WHERE HIGHER EDUCATION IN WALES BEGAN

200
1822 - 2022

➤ **THE UNIVERSITY
LOOKS FORWARD
TO CELEBRATING 200
YEARS OF HIGHER
EDUCATION IN WALES
IN 2022 AND ITS ROLE
IN SHAPING A NATION.**

The bicentenary celebrations will commemorate the establishment of St David's College, Lampeter in 1822 and mark its place as the birthplace of higher education in Wales. The University's Royal Charter of 1828 is the oldest in Wales and England after Oxford and Cambridge.

The bicentenary celebrations will provide us with the

opportunity to celebrate the successes and achievements of UWTSD and its founding institutions over the past two centuries. Our presence in Lampeter, Carmarthen, Swansea and Cardiff allow us to have a significant impact on our communities in Wales and further afield.

We take great pride in our history and our connection to it, particularly as it has provided us with the determination and confidence to shape our own future for generations to come.

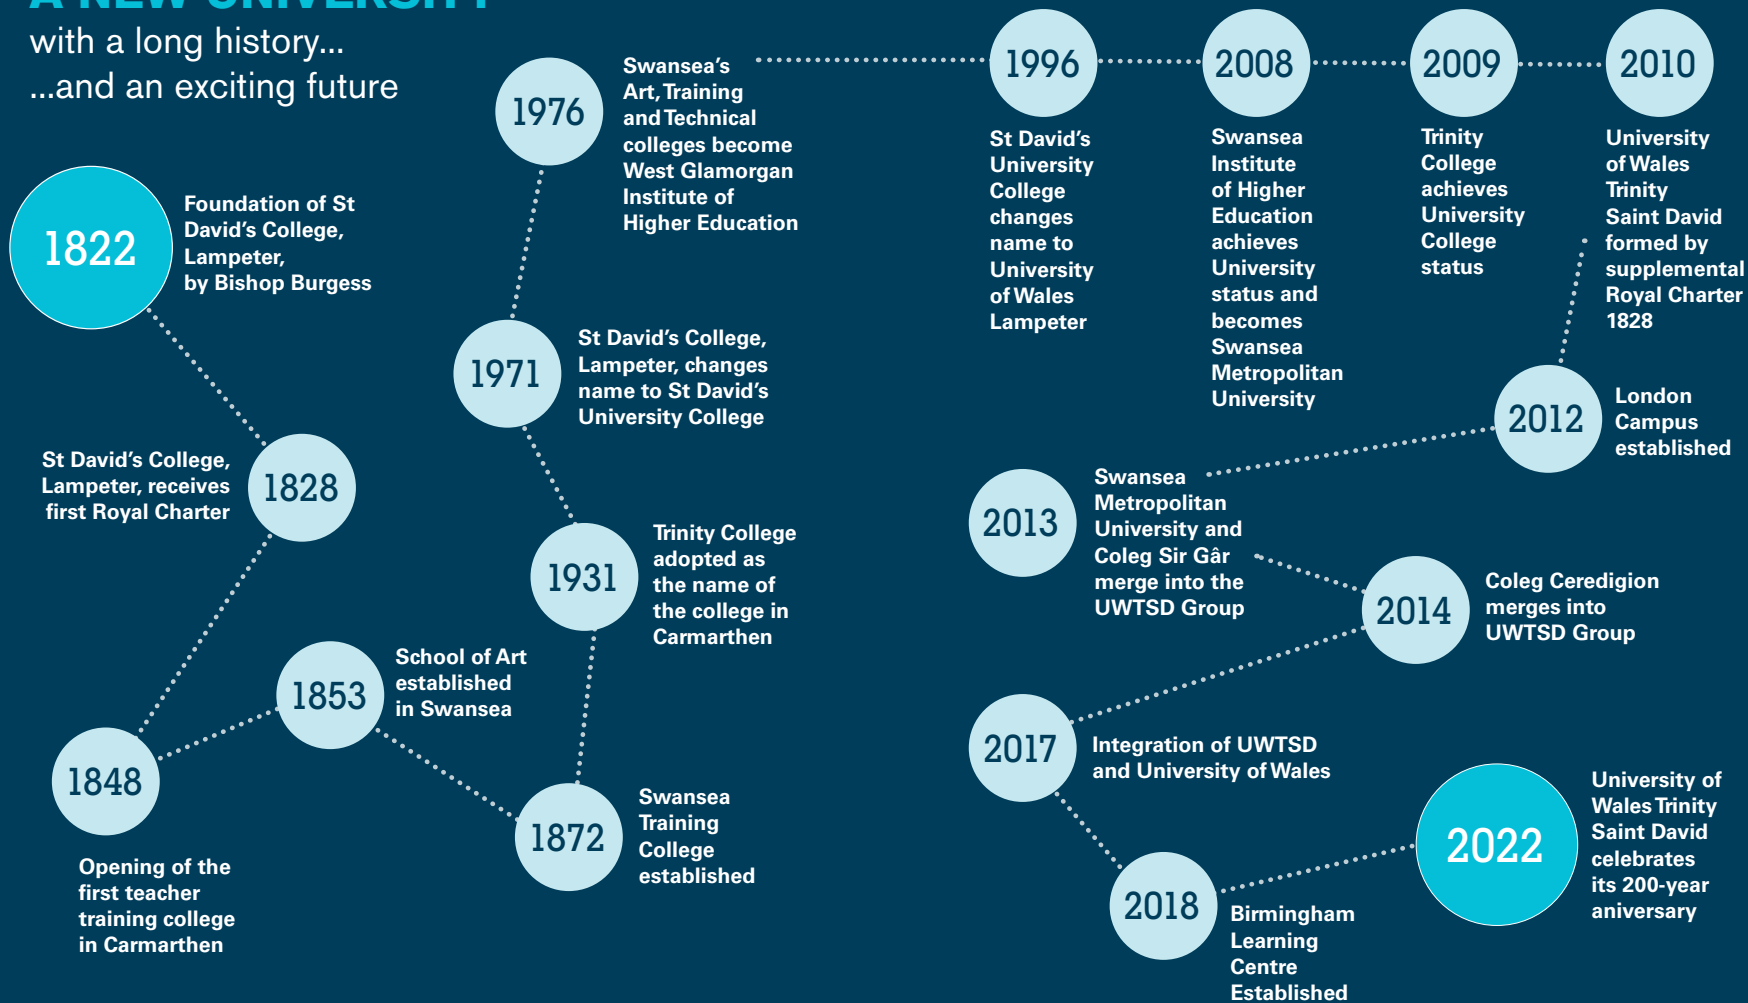

2022 will provide us with the opportunity to celebrate the achievements of our staff, students and graduates through the Arts, Education, Humanities, Science and Technology.

Join us and share the celebration!

STUDY WITH US

Build your future while you expand your knowledge.

Being ready to make a difference in the world means more than achieving a good degree. At UWTSd, we recognise that you will need a well-rounded education.

We offer creative courses, innovative teaching and inspiring learning locations. There are many more reasons to choose UWTSd. Here are a few...

01 **INSPIRE: Prepare for a sustainable future**

Your well-being and the well-being of future generations is at the heart of what we do. Considering the impact of today's actions provides you with the capacity to make better long-term sustainable decisions.

Through the Institute of Sustainable Practice, Innovation and Resource Effectiveness (INSPIRE) we aim to make a difference. Develop your sustainability knowledge through a range of events, apply for an Inspire internship and take part in our certificate programme.

02 **Tell us what you need**

There are many opportunities for you to have your say, get involved and make a difference for you and fellow students. Our new Student Hubs, for example, were developed in response to student feedback and bring a range of services together to provide a 'one-stop-shop' to deal with queries and issues.

03 **Get up and go for it**

We're here to help you realise your ideas. UWTSd is at the forefront of enterprise education. Boost your entrepreneurial skills through Pizza with a Pro, learning from inspirational speakers and alumni, or taking part in the Race to Market competition.

There's Creative Bubble, a shop and network to support student-led activities, such as pop-up shops, exhibitions, performance, fundraising, networking and meetings; Intellectual Property and Creativity Workshops; Enterprise Week events; and start-up workshops.

04 Design your Life

Explore and plan a career and lifestyle that works for you through our four-step Life Design programme. If you're studying at our Welsh campuses, you'll be offered a Life Design session as part of your first year of study and we will be rolling this out to all sites soon.

You can also access all Life Design resources using the Life Design Hub. Visit: students.uwtsd.ac.uk/life-design

05 International Student Support

The Senior International Support officer is responsible for providing support and guidance for students on a number of issues including practical advice on issues such as Finance, accommodation and dealing with homesickness.

However, we also offer professional counselling and welfare services, located within the Student Services Department, that are available to all students, and are founded on the principle that no problem is too big or too small to share.

06 #FromHigherEdToHired

Employability skills are embedded into our courses to help our students prepare for life after university.

- Employers and enterprise experts visit the university.
- Students are offered internship and work experience opportunities.

Our careers service is there to help from day one and after graduation. Visit: www.uwtsd.ac.uk/careers

AN ENTREPRENEURIAL UNIVERSITY

UWTSD is widely recognised as one of the world's foremost institutions in creativity-based entrepreneurship education and has spearheaded international efforts to find new ways to equip students for the 21st century working environment.

YOUR LEARNING EXPERIENCE

Students are at the heart of what we do. We're committed to placing our students at the centre of our mission.

We do this by...

- providing a relevant and inspiring curriculum
- offering a supportive learning environment
- investing in our campuses and facilities
- ensuring that students from all backgrounds are given the opportunity to achieve their potential.

We aim to develop reflective graduates and practitioners who can make a difference to society, enabling the UWTSD graduate to develop the right knowledge, skills and attributes to take their place wherever they may be in the future.

“

BA Acting at UWTSD is a really rigorous course and I'm learning so much so quickly.

It's a lot of fun; very fast paced but I'm learning and growing and it's far surpassing my expectations. The tutors are passionate and really care about what they're talking about which makes me care about what I'm learning about.

It's amazing, I love it! It's so beautiful here. I've been to Llansteffan, to St David's Cathedral and to Whitesands and it's been great to see new sights. Everyone's lively and friendly and everyone talks to each other.

SWANSEA

UWTSD Swansea - at the heart of the city.

Our Swansea campuses have a reputation for innovative industry-led and career-driven programmes. Founded in 1853, the Swansea campus is spread across a number of dedicated centres – all within easy reach of the city centre. Our students study in some of the city's most beautiful historic buildings and newest, most innovative ones.

Conveniently located in the city centre, UWTSD provides easy access to shopping, entertainment, sport, culture and nightlife, plus a magnificent beach and the stunning Gower coast just a few miles up the road.

Each subject area has its own facilities with access to specialist equipment, learning resources, workshops and IT suites.

SA1 SWANSEA WATERFRONT

Our new £350m development offers an exciting new location by the sea. It provides an innovative mix of education and enterprise in the city's maritime area with its barrage and sail bridge, attractive architecture, cool cafes, restaurants and bars.

The new home of our Swansea-based Architecture, Built & Natural Environments, Computing, Engineering, Education, Counselling and Psychology courses has been developed in partnership with the Welsh Government, the City & County of Swansea and business and industry, to boost graduate employment and transform the learning environment for our students.

SWANSEA COLLEGE OF ART

Our Dynevor and Alexandra Road campus buildings are home to the **Swansea College of Art**, offering a wide variety of award-winning art and design courses. **Swansea Business Campus** offers students the chance to experience innovative, student-led approaches to learning, delivered by professionals and academics with experience in industry.

CARMARTHEN

Our Carmarthen campus is a lively, friendly environment, centred around its original 1848 building.

It boasts a range of facilities including a library, fully equipped theatre and workshops, music, media and IT suites, gym, sports hall and modern teaching spaces.

There are plenty of opportunities to enjoy sport, exercise, cultural activities and the natural surroundings.

THE GREAT OUTDOORS

Cynefin, a haven for outdoor enthusiasts, is just a 20-minute walk away. The Wales Coast Path runs through this magnificent green site that includes a mountain bike skills area, pump track, bushcraft area, campsite and Forest School. There is also direct access for the River Towy. It is home to a huge wildlife area and, with support from the Woodland Trust, nearly 1,000 trees have been planted on the site.

ARTS & CULTURE

Plays, musical performances, film screenings, talks and exhibitions are among the entertainment and cultural opportunities on campus.

PERHAPS YOU WOULD LIKE TO BE PART OF A LIVE STUDIO AUDIENCE?

The only Welsh language television channel in the world, S4C, has relocated its headquarters to our campus. The public service broadcaster's new home, the award-winning **Canolfan S4C Yr Egin**, is a creative industries hub for the region.

LAMPETER

CELEBRATE OUR FIRST 200 YEARS WITH US!

Our historic Lampeter campus is home to the first Higher Education institution in Wales, founded in 1822. It now combines a distinguished academic tradition with all the modern facilities and technology necessary for 21st century learning.

Set in an idyllic rural location, our unique Lampeter campus provides a supportive student experience in a close-knit community environment.

You will find over 30 clubs and societies to join and opportunities to create your own. There's a sports hall and gym, plus tennis courts, cricket field, football and rugby pitches.

DID YOU KNOW LAMPETER WAS THE BIRTHPLACE OF COMPETITIVE RUGBY IN WALES?

The library and the Roderic Bowen Special Collections & Archives together hold around 275,000 printed volumes. The UWTSO Special Collections and Archives house UWTSO's oldest printed books, manuscripts and archives and form a principal resource for academic research in Wales.

This beautiful green campus is just a few steps away from a variety of shops, cafes, restaurants and pubs in the vibrant market town. The Brecon Beacons, beautiful beaches and coastal towns are a short drive away.

"What I love the most about Lampeter is the close-knit community that we live in and the beautiful green campus - I love sitting by the river to study in summer."

LONDON

London offers unique opportunities for study, work, leisure and travel. Studying here gives you the chance to explore and experience education in one of the world's most vibrant and dynamic cities.

The University's London campus, or 'UWTS London', opened in March 2012. Students are taught by a team of experienced staff in a professional environment. Our aim is to enable students to achieve their career aspirations and personal goals in a vibrant,

inclusive learning location. The welcoming and supportive atmosphere ensures that, whatever their background, our students are engaged and feel connected.

UWTS London is located within Kennington Business Park which is situated at the intersection of Brixton Road and Camberwell New Road. Oval tube station (Northern line) is a 150m walk away providing direct access to Waterloo, London Bridge and The City. There are also numerous bus links direct into The City and Victoria (as well as to Peckham, New Cross and Brixton, which offer a good choice of reasonably priced accommodation to rent).

The Business Park is adjacent to Kennington Park, a large public park and gardens which hosts a wide variety of events and also offers sports facilities, including tennis, basketball, netball, skateboarding, a fitness trail, and allweather floodlit 'Astroturf' for football and hockey. The Oval Cricket

ground is a five minute walk from the University campus, is home to Surrey Cricket Club and was the venue for the first test match between Australia and England. Though Lords is considered the home of Cricket - the Oval has played an integral part in the history of the game and visitors to the ground can enjoy one of the best preserved Sports arenas in England.

There is also a new central London campus in Holborn, offering many options for weekend study for home/EU students.

“

The DBA is an internationally recognised qualification that has allowed me to gain critical knowledge and experience to become an expert in different business areas such as: financial management, public administration, project management, and marketing among others.

I chose this course for three reasons: the DBA is one of the most advanced degrees available to those in the field of business and is globally recognized; it will help me stand out from the pack of MBA graduates as it shows that I am willing to go that extra mile to prepare for a leadership position, and, a DBA degree will open multiple career paths as this degree not only identifies me as an expert in my field, but has enabled me to acquire a set of management and decision-making skills that may qualify me for senior-level leadership positions and new career opportunities.

One of the most important skills that the DBA has taught me is critical thinking and that everything can be questioned, no matter how long established and how widely a received wisdom it is. I feel that I have gained confidence in my own analytical skills, as well as in the work I produce.

The UWTSD London campus is one of the most upbeat and exciting places to study with experienced and professional staff, as well as knowledgeable lecturers, who are there on every step of my learning journey.

Studying in London, the world's most diverse city, is also an opportunity for me to meet new friends, build connections and experience cultural differences with student from different parts of the world.

Well-being & SUPPORT

We want our students to have the best university experience, so UWTSD is focused on helping you reach your full potential with high-quality information, advice and guidance, plus practical and emotional support.

Our new Student Hubs (Hwb) bring a range of services together to provide a 'one-stop-shop' to deal with queries and issues. The Student Hubs will be the place where you can access all the information and support you'll need to get the most out of your time at UWTSD, providing a comprehensive information service to students on all student-related matters.

Our digital dashboard, UWTSD Hwb, is easy to navigate, and comes with helpful guides so that you can access all the information you need for your studies and university life.

Your well-being and that of future generations is important to us. We are embedding future well-being throughout the learning, teaching, courses, campus, community and culture of UWTSD.

This supports our commitment to ensure that future graduates are globally aware and responsible citizens in the 21st century.

Whatever advice, information or support you require, our staff will do their best to help.

BOOKS & BEYOND!

WE LOVE BOOKS. We are a university. You will have access to books, on campus and off - but The Library and Learning Resources (LLR) service is much more than this.

The LLR supports and enhances the learning, teaching and research activities of staff and students across the University.

Our libraries in Carmarthen, Lampeter, London and Swansea provide access to a variety of welcoming and flexible learning spaces. The LLR provides access to thousands of online journals and ebooks, in addition to specialist digital and information, literacy support, research support and special collections and archives.

ONLINE LIBRARY

The LLR offers an extensive collection of online e-journals and e-books which can be accessed around the clock, 365 days a year, from anywhere in the world.

SKILLS DEVELOPMENT

New students receive a Basic Skills and a Referencing session during the first term, followed by more in-depth sessions throughout their studies. Academic Liaison Librarians also provide a wider InfoSkills programme. Support can be provided face-to-face or remotely, by email, over the phone or via Skype.

SPECIAL COLLECTIONS AND ARCHIVES

The LLR is home to the Special Collections and Archives of UWTSU, including the University's oldest printed books, manuscripts and archives. The Special Collections include over 35,000 printed works, eight medieval manuscripts, around 100 post medieval manuscripts, and 69 incunables.

Our new library, Y Fforwm, at SA1 Swansea Waterfront

LEARNING SPACES

The libraries on all our main sites provide modern and flexible spaces, reflecting the way students work, as well as IT facilities, wireless internet, photocopying and printing facilities and excellent customer service. While each library caters primarily for the requirements of the school or Institute based there, students are welcome to use them all.

   UWTSDUnion

UWTSD Students' Union is a charity run by student-elected representatives who work to make sure you have the best possible experience at UWTSD.

Our student-led activities are the hub of student life, encompassing entertainment, sports clubs, societies and volunteering projects. We give you a space to make friends.

Socially, physically, mentally or academically, we all need a bit of support or independent advice sometimes. The SU makes sure support is available and accessible.

Together we help you change things which affect you. We tackle rules and policies where they aren't working. We make sure funding goes where you want and need it.

We support students to be course representatives and make improvements. Once a year, students elect officers to work full-time at UWTSD Students' Union.

These officers lead the long-term direction of the SU, making sure we're tackling the biggest issues for our students – funding, cost of living, teaching quality and so on – across several years. You can have your say by electing your representatives and contributing to TSDSU's student council.

ONLINE COURSES

Based at the oldest University in Wales' our lecturers are not only specialists in their subject area but experts in distance-learning provision. We've been delivering distance-learning programmes for nearly 30 years. Distance learning offers prospective students greater freedom to pursue a course of study that is better tailored to their particular lifestyle and circumstances.

It offers a flexible learning option to people who cannot be residential. They may be a busy parent bringing up young children or a career professional unable to take time off but eager to undertake professional development or to someone perhaps with mobility problems but keen on the intellectual challenge of studying.

With the application of technology such as the Virtual Learning Environment (Moodle), various e-learning packages, the growing collections of e:resources, the use of audio, video and other interactive materials to support your study, distance learning at UWTSD can offer students a rich and rewarding study experience.

iHumanities

We have a range of programmes through our i-humanities including:

- Ancient Languages
- Cultural Astronomy and Astrology
- Historical Studies
- Literature, Writing, and Language
- Philosophy
- Religious Studies
- Theology

POSTGRADUATE RESEARCH

POSTGRADUATE RESEARCH IS AT THE HEART OF THE UNIVERSITY OF WALES TRINITY SAINT DAVID

- › Internationally acclaimed research
- › Flexible doctoral study through residential study or distance learning (Please see our website for more information: www.uwtsd.ac.uk/online/distance-learning-courses)
- › An historic, research-led university Research and scholarship is at the heart of the University of Wales Trinity Saint David.

We welcome applications to research degrees and have significant experience in supervising both residential and distance students through to completion.

OUR RESEARCH DEGREES

- › Master of Philosophy by Research - MPhil
- › Master of Research - MRes
- › Doctor of Philosophy by Research - PhD
- › Professional Doctorate - including the DBA
- › Doctor by Published Works - PhD
- › Doctorate in Education - EdD

A postgraduate degree from the University of Wales Trinity Saint David is a great investment, whether you want to stand out from the crowd when applying for jobs, gain a promotion or simply learn more about a life-long interest alongside like-minded individuals. You will benefit from a rich and stimulating learning environment where our staff are research-active and our students come from across the UK and beyond.

APPLYING TO UWTSB UNIVERSITY OF WALES TRINITY SAINT DAVID

INTERNATIONAL APPLICANTS OUTSIDE THE UK (EU AND WORLDWIDE)

Individuals from the EU (excluding the UK) and worldwide apply online independently to the University, except for those whose school or college is registered with UCAS.

INTERNATIONAL QUALIFICATIONS

We recognise a wide range of international qualifications, including the International, French and European Baccalaureates. If you are applying from outside the UK, typically a minimum of

the equivalent of two A-Level passes for an honours degree programme and the equivalent of one UK A-Level pass for an HND programme will meet the University entry requirements. The University will also accept students who have completed a recognised International Foundation Programme.

ENGLISH LANGUAGE REQUIREMENTS

If you are an international student, or an EU student whose first language is not English, you will be required to have sufficient command of the English language to enable you to follow your course without linguistic difficulties. For example, for study at undergraduate level and Postgraduate Taught level, your English language must be assessed at CEFR Level B2 which is equivalent to a minimum of IELTS 6.0 overall with no less than 5.5 in reading, writing, listening and speaking.

To meet this requirement you must provide evidence of a Secure English Language Test (SELT). For a list of these and for further information regarding Home Office English language requirements please go to: www.gov.uk/student-visa/knowledge-of-english

VISA PROCEDURES FOR INTERNATIONAL STUDENTS

Although there are many types of visa, if you are applying for a visa to study for the first time, you will be required to apply for a Tier 4 student visa.

Once you have received an offer from the University and met all of the conditions, we will be able to offer you guidance and advice regarding your visa application. If you hold a current visa under another category, you may be able to study at UWTSB.

RECOGNITION OF PRIOR LEARNING

The University is pleased to consider applications

from individuals with relevant certificated qualifications or evidence of experiential learning that may allow them to enter a programme at an advanced level. Applicants will be asked to complete a Recognition of Prior Learning Form at the application stage.

TERMS AND CONDITIONS OF AN OFFER OF A PLACE

When an applicant accepts an offer of a place at the University of Wales Trinity Saint David, a binding contract is formed. A place on a programme of study is subject to the applicant successfully completing the admissions and enrolment process.

Overseas fee are listed on the website: www.uwtsd.ac.uk/international/applications-and-admissions/fees/

If you have any questions regarding English Language Requirements or Visa procedures please e-mail: **international.registry@uwtsd.ac.uk**

POST STUDY WORK

– GRADUATE IMMIGRATION ROUTE

The UK Government have announced its intention to start a new two-year post-study work visa scheme, expanding opportunities for talented international students to build successful careers in the UK. At the time of writing the details of this scheme have not yet formally been announced by the UK government but some of the key high level features have been set out in various press releases from the UK government and are set out below.

The new 'Graduate' route will launch for the 2020/21 intake and will be open to all international students who have valid UK immigration status as a student. To qualify, students will have to successfully completed a course in any subject at undergraduate or postgraduate level. The visa will allow eligible students to work, or look for

work, in any career or position of their choice, for two years after completing their studies.

After the two-year work period students will be able to switch onto a skilled work visa if they find a job which meets the skill requirement of the route.

The Home Office has announced key features of the route:

- It will be open to international students who have successfully completed a course of study at undergraduate (RQF 6) level or above at a Higher Education Provider with a track record of compliance, and who have a valid and extant Tier 4 visa at the time of application;
- The application process will be simple. There will be an application fee and applicants will pay the Immigration Health Surcharge;

- Applicants will be subject to identity, criminality and security checks;
- The leave period granted will be two years and will be non-extendable. Settlement rights will not be accrued;

- Individuals will be able to work, or look for work in any sector, at any level;
- Individuals will be able to switch into the skilled work route if they meet the requirements.

If you have any questions about the post-study work visa scheme or require visa advice, please contact:
International.registry@uwtsd.ac.uk
