KMITL

King Mongkut's Institute of Technology Ladkrabang

| THAILAND

<https://www.kmitl.ac.th>

SINCE 1960

KMITL is a top university in Thailand, known for its leadership in science and technology education. The institution is dedicated to combining cutting-edge research with an emphasis on active learning skills to equip students with the tools they need to succeed in the 21st century. KMITL's academic programs are designed to be innovative and competitive, and the university provides its students with the chance to engage in cooperative training with leading industry partners and participate in overseas training experiences to prepare them for a global career.
