Trim vs Bleed Size

Crop Marks at Trim Size

How to submit your ad files for printing?

Please read carefully and follow instructions to ensure that your advert is received and placed correctly into the printing materials. Trim size is the size of actual page. Bleed size is trim size + 3mm on each side. All images should leave 3mm for bleed on each side to ensure the image isn't lost if the page moves.

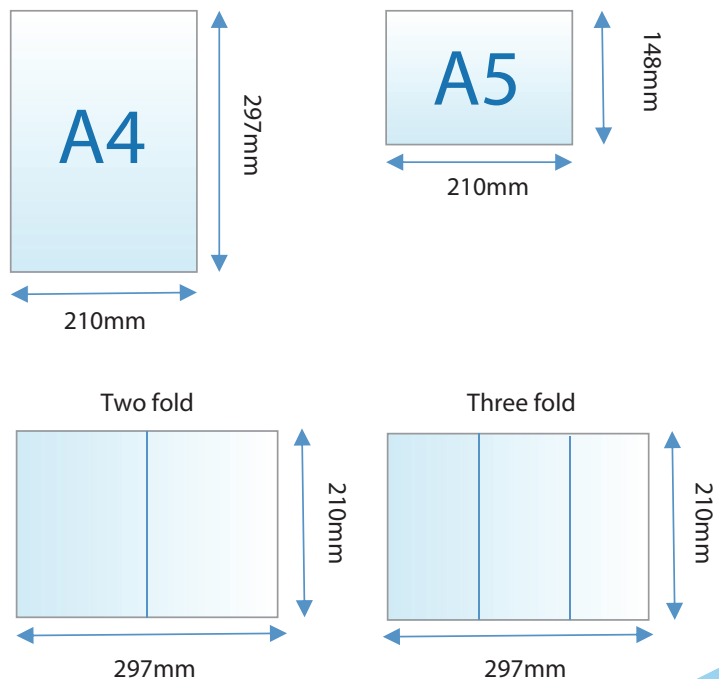

Email high resolution pdf file to us before September 10, 2024

Note:

CEE reserves the right to return electronic submissions that are incompatible with these specification or do not contain all necessary elements.

Any cost to publisher resulting from problems with supplied materials will be billed to the advertiser or agency.

For any questions, please contact us at cee@ceaie.edu.cn

For other printing material services

For the convenience of exhibitors and to save transportation troubles and charges, we highly recommend our exhibitors to choose printing materials services provided by the organizer. The printing material will include various leaflet, folding flyer, brochure and poster etc. The quotation will be sent to exhibitor in 5 working days upon we get the printing specifications.
